

# Career Opportunity

The **Koch Associate Program** is a highly selective, year-long career opportunity for promising leaders and entrepreneurs interested in a non-profit career. While in the program, Associates develop the knowledge, skills, and experience necessary for successful futures with market-oriented think tanks, policy institutes, and other non-profit organizations.

## Advancing Liberty

Associates work in a full-time non-profit role four days each week. They then come together one day each week at the Foundation to engage in reading discussions and group projects, hear guest speakers, and learn to apply Market-Based Management<sup>®</sup> through interactive exercises and workshops.

The project assignments cover various areas, including:

- policy research
- measurement and analysis
- marketing and communications
- grassroots education
- donor relations

For more information or to apply for the 2009-10 Koch Associate Program, please visit
